

The University of Calgary Department of Oncology/Alberta Cancer Foundation Fellowship Positions for 2020-21.

The Department of Oncology at the University of Calgary in conjunction with the Alberta Cancer Foundation (ACF) and other donors, is pleased to offer six fellowships for the academic year 2020-21. Of the six, four are awarded in an open competition format, and two are site specific awards. The site specific fellowships are in Radiation Oncology (Lavina Knight Fellowship), and Sarcoma (Cameron Daye fellowship).

APPLICATIONS are open to all trainees who have completed core training in an oncology [discipline](#) and are seeking to enhance their clinical and/or research skills.

THERE IS A LARGE PATIENT POPULATION in Calgary, Alberta, Canada which will help our fellows enhance their clinical skills. Fellows will be trained under direct supervision of leading specialists in oncology. Training will take place at the Tom Baker Cancer Centre, Foothills Medical Centre or Alberta Children's hospital, depending on the focus of the fellowship.

SCHOLARLY ACTIVITY is a requirement for fellows, and projects may be clinical, health policy, or translational research related. There is a strong research association through the Arnie Charbonneau Cancer Institute as well as excellent population health and epidemiologic research support available.

ALL RESIDENCY PROGRAMS in the Department of Oncology are fully accredited through the Royal College of Physicians and Surgeons of Canada, thus ensuring an excellent training atmosphere for multi-disciplinary cancer research and outstanding patient care.

IN ACCORDANCE with Canadian immigration requirements, preference will be given to Canadian citizens or permanent residents of Canada. The University of Calgary respects, appreciates, and honours diversity.

INTERESTED APPLICANTS will be required to submit a CV, three letters of reference and a personal statement regarding their interest in pursuing a fellowship in the Department of Oncology at the University of Calgary.

REMUNERATION will be commensurate with clinical experience and in accordance with post-graduate scales as defined by the University of Calgary.
